Re: Adoption of Split Dollar Plan

Gentlemen:

PROSTAFF, INC., EID # 75-1773066, has adopted a plan of Split Dollar insurance with its chief executive. The primary purpose of the Plan is to provide the Employer with insurance protection; however, it is possible, although not guaranteed, that some benefits may inure to the Executive in the form of deferred compensation.

There is one such plan covering one employee.

Yours very truly,

  
Russell S. Johnson
